

*The volume of stainless steel import*

## **Review**

# **Russian Stainless Steel Import**

**June 2017**

*The structure of import in 2016/2015*

*Leading exporting countries of imported stainless steel*

*Leading Russian importers of stainless steel products*

The "Spetsstal" Association brings to your attention the Review "Russian import of stainless steel products", which contains basic information on Russian import of the main types of stainless steel products in 2015-2016, as well as the share of foreign products in total consumption.

The review is supplemented with information on 100 leading Russian importers of stainless steel in PDF format and in Excel format.

The PDF format contains the following information for each of the 100 importers:

*Established, Legal address / Postal address, Tel / Fax, Website, Email, TIC (Tax Identification Number), PSRN (Primary State Registration Number), Founding Members, Registered Capital, Management, Products & Services, Specialization, Sales revenue on Russian market, Additional information, Branches of the company, Affiliated legal entities, Volume of import of stainless steel products, 2014-2016, Total costs of import in 2016, Import product structure in 2016 (6 digits HS Code) tons.*

The Excel format allows you to search by the following parameters:

*Link to a page in PDF, Business Name, Import product structure (HS Code), Cost of imports (USD), Volume of import (tons), Share of products (HS Code) %, Website of the company, Email, Company's profile.*

If your company is interested in entering the Russian stainless steel market or expanding the exports of products - the survey will be your reliable assistant.

<b>Review «Russian import of stainless steel products»</b>		
<b>Contents and list of tables</b>		<b>Page</b>
1.	Russian import of stainless steel products 2003-2016	4
2.	The leading supplier countries of stainless steel products 2016/2015	5
3.	The leading supplier regions of stainless steel 2016/2015	5
4.	Import of flat-rolled stainless steel with a width of 600 mm or more (HS code 7219)	6-9
4.1	Import of stainless steel hot-rolled flat products	6-7
4.2	Import of stainless steel cold-rolled flat products	8-9
5.	Import of flat-rolled stainless steel products, under 600mm wide (HS code 7220)	9-11
6.	Import of stainless steel bars and rods (HS code 7222)	11-13
7.	Imports of stainless steel wire (HS code 7223)	14-15
8.	Import of seamless tubes	15-17
8.1	Russian import of special-purpose pipes (HS Codes 730411, 730422 and 730424)	16
8.2	Russian importers of stainless steel seamless tubes (HS Codes 730441 and 730449)	17
9.	Import of stainless steel welded tubes	17-19
10.	Import of stainless steel fitting/flanges	19-20
11.	Import of stainless steel slabs/ingots	21-22
12.	Structure of stainless steel products consumption in 2016 (%)	23-24
13.	The share of foreign and domestic products in the structure of consumption 2000-2016	24
14.	Share of import in consumption of main types of products in 2016 (tons)	24
